Dear Provider

Dorset Care, Support, Housing and Community Safety Framework Reference [REDACTED]

Thank you for your application in respect of the above Open Framework.

I can confirm that your organisation has met the minimum criteria for the lot(s) listed below which your organisation has submitted an application for.

To clarify the position, joining the Dorset Care, Support, Housing and Community Safety Framework does not automatically mean the award of work. Providers that have joined the Framework need to bid for further competitions that will be published throughout the life of the Framework, to gain any work.

Providers were only asked to submit basic information to be considered for a place on the Framework. The further competitions require providers to respond to much more in-depth questions which are specific to each Lot and each individual further competition.

The further competitions will be run from individual or multiple Lots and your organisation will receive ProContract system messages when a further competition has been published involving one of the Lots to which you have joined.
